### **Extended Day (Monday/Wednesday)**

Expanding on the Pre-K core curriculum, students are challenged to think critically and creatively during a variety of activities and special projects. Please pack a **NUT FREE** lunch that your student will eat in the company of their classmates and teachers. After lunch, students will delve deeper into math, science, drama, and literature through hands on activities, centers, and results-based experiments. This class is held on Mondays and Wednesdays from 11:30AM to 1:30PM every week throughout the entire school year.

### **Thursday Creative Kids Class**

Imagination and inventiveness are encouraged in a relaxed, less structured class atmosphere. Each week will feature a different theme that incorporates fun activities such as crafts, cooking, scientific experimentation, and games. This class is held on Thursday mornings from 9:00AM to 11:30AM every week throughout the entire school year.
